

Science

Party Package #1: Super Science Party (\$450/\$540)

The first experiment is a chemistry experiment and everyone makes Space Mud!

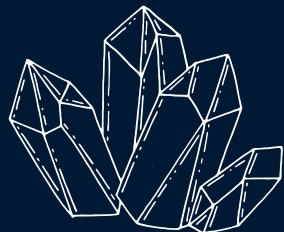

Stretch it, bounce it, Keep it! The next experiment is ice Cube fishing – amazing!

Followed by making Growing Crystals. The grand finale is Erupting Volcanoes – 2-3

foot eruptions are typical! Maximum number of 15 children per party. Fees apply for each additional child.

Party Package #2: Panning for Gems (\$500/\$600)

Strike it rich! Step back in time to the days of the old prospectors. Pan for Gemstones...everything you find...you keep! Amethyst, quartz, calcite, peacock ore, fool's gold, shark teeth and more! In addition we make Space Mud, erupt Volcanoes and make Gummy Candies. A take home magnifying glass is included. Our most popular party! Maximum number of 15 children per party. Fees apply for each additional child.

Party Package #3: Crazy Chemistry Party (\$450/\$540)

Put on your goggles and get ready to experiment with crazy chemical concoctions...

Make Slime, Space Mud, and Super Growing Crystals. Finally explore a totally cool powder that absorbs up to 300 times its weight in water. Maximum number of 15 children per party. Fees apply for each additional child.

Party Package #4: Fossil Fun Party (\$500/\$600)

Check out all kinds of really cool, really REAL, authentic fossils. Make your very own Tyrannosaurus Rex tooth fossil to KEEP! Erupt Volcanoes, Pan for Gemstones! A take home magnifying glass is included. Maximum number of 15 children per party. Fees apply for each additional child.

Party Package #5: Space Blast Party (\$500/\$600)

Feel what it's like in space, as we become human gyroscopes. Make Alien Slime!

Launch a Rocket! Explore Mars Sand! Enjoy Astronaut freeze-dried

Marshmallows. Maximum number of 15 children per party. Fees apply for each additional child.
