Business of the Week
Northview Bank & Trust

Built for Northfield, we are a bank that fulfills the meaning of "community bank." For one thing, our bankers are from this community. And giving back to our community is what we do. The investments you trust us with are reinvested in Northfield and the communities we serve. We are a community bank truly FOR this community. Let us know how we can serve you. Stop by, find us online, or call us to make an appointment today.
